# ABOUT US

A leader and innovator in beauty, health and pharmacy uniforms for over 30 years, Buttercups is proud to bring to you a carefully curated collection of corporate and hospitality wear, all adhering to the Buttercups philosophy of producing high-quality, stylish workwear that looks great, wears well and feels comfortable.

Our family-run company has built up a solid reputation for excellence and style; our attention to detail has made us the preferred supplier for high-end salons and spas across the country. Now we bring that same quality to corporate and hospitality wear, with our hand-picked collections of our favourite pieces from well-established and highly regarded companies in this sector.

Our corporate wear collection is ideal for any workplace; both classic and contemporary styles look smart and leave a great first impression. The addition of details such as Teflon-coated stain-resistant materials ensures that these pieces look great for longer – and are especially suitable for front-of-house staff in the hospitality sector.

We also carry comprehensive collections for service, kitchen and housekeeping staff, all of which are smart, stylish, practical and great value for money. CLASSIC

Housekeeping staff must look as neat and clean as the rooms they are servicing – which is difficult considering the physical nature of the job. Our housekeeping collections combine comfortable, flattering styles that look great every day.
